

September 13, 2024, 6:00pm-9:00pm

Turtle Creek Stadium

See the classic cars of Michigan and help us help the community!

For car enthusiasts and curious community alike, this car show will showcase beautiful classic cars under the stadium lights!

With a 50/50 raffle, chance auction and food available as patrons peruse the cars, this fundraiser will have everyone engaged for the entire night.

Bring your friends, bring your family and bring your classic car!

The best part of the event is that 100% of the proceeds will help fund initiatives like our Safety Around Water and record breaking Financial Assistance programs, here at the Y!

WHY DONATE TO THE AUCTION?

When you donate an item or experience to the YMCA's Classic Car Show, your donation raises dollars that are directly used to fund our Safety Around Water program, a 5-week drowning prevention program offered at no cost to local 3rd graders.

The Y is passionate about ensuring the confidence and safety of our youth in and around water. With our Safety Around Water program, we teach over 600 students a year critical lifesaving skills with help from sponsors, donors and volunteers.

Another program that your donation will help raise dollars to support is the ever increasing demand for our Financial Assistance program. Through Financial Assistance we provide affordable access to child care, programming and membership.

At the Y, we believe all people deserve a chance to reach their full potential. For many families, seniors and adults in our region, finances are a barrier to this opportunity and by raising money through events like the Classic Car Show, we are able to continue to provide access for all.

We hope you're as excited about this opportunity as we are to contribute to an impactful cause!

Thank you for your consideration!
