YMCA Adventure Guides is a program for parents and children designed to help foster a lifetime of understanding and companionship through outdoor adventure activities, camping trips and monthly events that strengthen the relationship between parent and child. Parent-child pairs join a Circle with families in their neighborhood or school they attend, and usually meet once a month for games, crafts, stories and other activities. The Circles make up the Southeast Ventura County Federation which offers activities each month such as **campouts** at El Capitan, Catalina Island, Kern River, and Big Bear, as well as **pinewood derby, horseback riding, family events** and so much **MORE.**
