- A commitment to one another

GENERAL INFORMATION

WHAT IS YOUTH & GOVERNMENT

Since 1948, the YMCA's Youth & Government (Y&G) program has provided an unmatched experience-based opportunity for high school students. By modeling California's legislature and courts, participants have the opportunity to build skills such as critical thinking, persuasive speech and writing, project management and collaboration. Our program is rooted in the YMCA's core values of caring, honesty, respect and responsibility with beliefs in the importance of servant leadership and media literacy to a healthy democracy.

[California YMCA Youth & Government 75th Anniversary Video](#)

Our goal is to grow the next generation of civically-engaged Californians who recognize the importance of:

- **Civic Knowledge:** They understand the structure and function of government.
- **Civic Awareness:** They can identify the major issues facing their communities.
- **Civic Action:** They are equipped with the tools they will need to make change in their community.

The program begins in September when teens and volunteers meet as individual delegations to discuss issues facing California, as well as ways to implement their solutions through the legislative and judicial processes. During a six-month period, the teen delegates write bills, prepare briefs, select governmental positions to role-play, attend statewide training conferences and run for various elected offices. The program reaches its peak in Sacramento at the State Capitol, with a four-day Model Legislature & Court conference each February. There, the real government moves over and the teen delegates "take over," using its historic halls: The Senate and Assembly chambers, offices of our State Capitol, Supreme Court and Governor's Office.

PROGRAM HIGHLIGHTS

- Present student-created Bills to a panel of Community Leaders at Bill Night
- Attend a regional conference to practice debate skills and prepare resources for statewide conferences
- Participate in one, four-day conference in Camp Roberts, CA for role training and officer elections for Model Legislature & Court conference in Sacramento
- Experience four days in Sacramento working within the State Capitol Building, including the Senate, Assembly and Supreme Court chambers
- Opportunity to meet high school students from all over the state of California
- Opportunity to debate bills on the most controversial issues currently facing the state, both in committees and on the Assembly and Senate floors
- Opportunity to participate in court proceedings to decide challenging issues facing the state.
- Participate in numerous social activities including dances, fun games and the Governor’s Banquet and Ball, followed by a midnight Friendship Service.

SUPERVISION

On a local level, the delegation is administered and led by an elected group of delegate officers. With the assistance of several volunteer advisors, these officers conduct the weekly delegation meetings, coordinate events, activities and lead the

delegation as a whole. The volunteer advisors of the Conejo/Simi, Miller and Yarrow delegations supervise the program directly. All of our advisors are over the age of 21 and have extensive experience with both the YMCA and the Youth & Government program. They also receive training at the Advisor Development Conference. When the delegation attends statewide conferences, it is supervised by over 200 volunteer advisors and professional staff, who are supplemented strongly by local authorities. As always, the safety of our participants is our top priority.
