DOWNTOWN YMCA CHILD WATCH & KIDS ADVENTURE

- For children ages 6 weeks – 12 Years
- Parents must have a **Family or Single Family Membership** to use Child Watch.
- Child Watch slots are for **90 minutes**.
- **Parents must remain in the building while children are in Child Watch.**
- Babies need to be in fresh diapers and children should use the bathroom before arriving.
- A staff member may seek you out should your child be upset and inconsolable.
- Please label all your child's belongings, including drinks, bags, and coats. Limit bringing in toys from home.
- Please do not bring a child who has had a fever, rash, drainage from the eyes, vomiting, or diarrhea within the last 36 hours to Child Watch. If they exhibit any of these symptoms while in our care, we are required to have you pick up the child from Child Watch. Children who are too sick to go to school are too sick to come to Child Watch.
- The Y Staff will always treat children in our care with kindness and respect. We ask that the children do the same to the Staff and the other children utilizing the Child Watch Area. Our questions or concerns will be passed along to parents as well as information regarding your child's experiences.

Workout in comfort knowing your children are in good hands. The Y's Child Watch facilities are able to care for children from 6 weeks to 12 years of age while you exercise. Child Watch services allow members to pursue their own health and well-being, knowing that their children are safe, secure, and cared for in a positive environment.

We'll watch your children while you focus on you.
