AFTER SCHOOL ART

Dive into the colorful world of acrylic painting in this fun and creative class!

Students will learn foundational painting skills, including color mixing, brush techniques, layering, and composition.

Each week, they'll explore new techniques and create unique works of art inspired by nature, imagination, and personal expression.

Classes are tailored by age group (5-9 and 10-15) to match skill levels and developmental needs.

Younger students focus on building confidence, exploring colors and shapes, while older students dive deeper into technique, detail, and creative themes.

The 6-week session ends with a student art showcase, where families can celebrate each artist's progress and creativity!
