A desire to CREATE!

AFTER SCHOOL ART

This exciting class invites young artists to explore their creativity through a fun mix of painting, drawing, printmaking, collage, and 3D elements.

Each week, students will experiment with both traditional and unconventional materials—like watercolor, oil pastels, fabric, and found objects—to create unique and imaginative artworks.

Through guided instruction and plenty of room for experimentation, participants will learn creative layering techniques, develop personal themes, and build confidence in their artistic expression.

This process-based class encourages individuality, problem-solving, and innovative thinking.

No experience needed. Just a love for making art!
