## CLAY CREATIONS: HAND BUILDING (No prerequisite requirements.)

Explore the art of hand-building with clay through more advanced techniques like slab construction, pinching, coiling, and sculpting.

Participants will design and build both functional and decorative pieces while learning about structure, form, and surface design. They'll also experiment with texture tools, carving, and glazing to bring their creations to life.

This is a great opportunity for young artists to develop their creativity, craftsmanship, and confidence in a supportive studio environment.

Projects will be glazed and fired in a kiln and taken home at the end of the 6-week session.

**NO EXPERIENCE NEEDED -  
ALL SKILL LEVELS WELCOME!**

**ALL CHILDREN MUST BE  
SIGNED IN AND OUT  
BY A PARENT OR GUARDIAN.**
