	Simpsonville	

FAQ

Why the change in Summer Day Camp locations?

As the Simpsonville/Mauldin population continues to increase, the Y is growing to meet our area's changing needs. In 2023, the YMCA Program Center on Adams Mills Road was sold as a part of a plan to expand the Prisma Health Family YMCA, positioning us to increase our future programmatic offerings. Construction is scheduled to begin this year, which necessitated the need to identify off-site camp locations. We're grateful for our trusted partner sites (listed above), who share our values and commitment to providing safe, (and fun!) spaces for children in our community. As always, our staff team is dedicated to ensuring your child has the same high-quality, memorable Day Camp experience your family has come to expect from the Y.

I see that Traditional Full Day Camp will be offered at two separate locations this year. Is

there a difference in programming at these sites?

To serve more campers, we will offer Traditional Day Camp at two locations this summer. Both

sites will serve children who are Rising Kindergarten -5th grade & will offer Teen Camps. With

these two options, your family can sign up for the location that is the most convenient to your

home, or workplace.

Will the Extended Camp option be offered this summer, as well as transportation to and from

half-day camps?

With multiple camp locations, we have made the decision not to offer extended camp this

summer. Additionally, please plan to transport your child to and from camp (Half Day Camps).

Transportation will not be provided by the Y. This will enable us to maximize the camper

experience by allowing more time for in-program participation.

If I'm registering more than one child, what's the best way to navigate Summer Day Camp

registration?

We recommend printing our camp grid to have a visual of all day camp offerings, locations, and

operation times. The day camp grid will serve as your guide this summer and can be a resource for

your family calendar. Click here to access the grid. Before you register, we recommend that you

take into consideration where the camps are located, the hours of operations, logistics for pick up

and drop off, and most importantly - what camps your child is most interested in. Our online

registration system is very user friendly whether you are signing up one child or multiple

children.

Whom should I contact if I have questions?

Our team is here to support you in any way possible. We invite you to contact us with any

questions or concerns:

For Traditional Full-Day Camp needs, email: phyfs@ymcagreenville.org

For Sports Camp questions, email: phsports@ymcagreenville.org

For Aquatics Camp questions, email: phaquatics@ymcagreenville.org
