INDEPENDENT AUDITORS' REPORT

Board of Directors YMCA of Greenville and Affiliate

Opinion

We have audited the accompanying consolidated financial statements of the YMCA of Greenville ("the Association") (a not-forprofit organization) and Affiliate, which are comprised of the consolidated statements of financial position as December 31, 2023 and 2022, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related footnotes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the YMCA of Greenville as of December 31, 2023 and 2022, and the results of its operations and its net assets and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the YMCA of Greenville and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibility of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Association's ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

Board of Directors YMCA of Greenville and Affiliate Page 2

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or Error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate that raise substantial doubt about the Association's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

<u>Nature of Organization</u>: The YMCA of Greenville ("the Association" or "the YMCA") is a human services organization whose purpose is helping individuals grow in spirit, mind, and body. The Association is a member of the National Council of Young Men's Christian Associations, and accordingly, remits annual membership fees based on a percentage of its non-exempt income which generally excludes support from foundations and governmental grants. This percentage was approximately 1.20% for both 2023 and 2022.

<u>Principles of Consolidation</u>: The accompanying consolidated financial statements include the accounts of the YMCA of Greenville Foundation, Inc. ("the Foundation"), an affiliated corporation established to receive certain gifts to primarily achieve the goals of the Association. All intercompany transactions and balances have been eliminated in the consolidated financial statements.

Basis of Accounting: The consolidated financial statements of the Association have been prepared on the accrual basis of accounting, and accordingly, reflect all significant receivables, payables, and other liabilities.

<u>Presentation</u>: The Association records resources for accounting and reporting purposes based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

- Net Assets Without Donor Restrictions Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing Board has designated, from net assets without donor restrictions, net assets for an operating reserve and Board-designated endowment.
- Net Assets With Donor Restrictions Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates those resources be maintained in perpetuity.

Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as revenue when the assets are placed in service. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

<u>Operating Activities</u>: Operating activities reflect all transactions increasing or decreasing net assets except those items associated with long-term investment such as contributions for endowment and facilities and equipment and investment returns in excess of amounts designated for current operations.

<u>Accounting Estimates</u>: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent matters at the date of the financial statements and the reported amounts of revenue and expenses during the reporting periods. Actual results could differ from those estimates.

Public Support

<u>Contributions</u>: The Association receives contributions to support operating activities, endowments, and capital projects. These contributions can be from individuals, foundations, corporations, or trusts. The Association records contributions receivable, net of allowances for estimated uncollectable amounts, when there is sufficient evidence in the form of verifiable documentation that an unconditional promise was received. Conditional gifts, with a measurable performance or other barrier and right of return, are not recognized until the conditions on which they depend are substantially met or explicitly waived by the donor.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

<u>In-kind Contributions</u>: The Association recognizes contributions of services received if such services: (a) create or enhance nonfinancial assets, (b) require specialized skills, (c) are provided by individuals possessing those skills, and (d) would typically need to be purchased if not contributed. The Association received no contributed services for the years ended December 31, 2023 and 2022.

The Association receives services from many volunteers who give significant amounts of their time to the programs of the Association. No amounts have been reflected for these types of donated services, as there is no objective basis available to measure the value of such services.

Contributions of assets other than cash are recorded at estimated fair value.

Revenue Recognition

The Association has multiple revenue streams that are accounted for as reciprocal exchange transactions including membership and program fees.

Because the Association's performance obligations relate to contracts with a duration of less than one year, the Association has elected to apply the optional exemption provided in Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 606-10-50-14(a), Revenue from Contracts with Customers, and, therefore, is not required to disclose the aggregate amount of the transaction price allocated to performance obligations that are unsatisfied or partially unsatisfied at the end of the reporting period. There are no incremental costs of obtaining a contract and no significant financing components.

<u>Membership Dues and Program Fees</u>: Membership dues and program fees consist of amounts that families and individuals pay to participate in health, fitness, education, and recreation activities and programs. Members join for varying lengths of time and may cancel with 10 days' notice. Members generally pay a onetime joining fee plus monthly dues in advance. Memberships provide use of the recreation facilities, access to free classes, programs and activities, and discounts to fee-based programs. The Association offers a variety of programs including family, childcare, day camp, resident camp, teen, fitness, aquatics, and health services. Fee-based programs are available to the public. Program fees for short duration programs of two months or less, such as aquatics classes, are typically paid in advance at the time of registration. Program fees for longer duration programs, such as fee-based childcare, are usually paid weekly or monthly in advance. Cancellation provisions vary by program, but most transactions are cancelable with 15 to 30 days' notice. Refunds may be available for services not provided. Financial assistance is available to members and program participants.

Membership dues and program fees are recognized ratably over the period the membership or program service is provided on a straight-line basis in an amount that reflects the consideration the Association expects to be entitled to in exchange for those services. All the Association's revenue from contracts with customers are from performance obligations satisfied over time. Prices are specific to a distinct performance obligation and do not consist of multiple transactions.

Membership dues and program fees paid to the Association in advance represent contract liabilities and are recorded as other deferred revenue. Amounts billed but unpaid are contract assets and recorded as accounts receivables.

<u>Accounts Receivable</u>: The YMCA extends credit to its members and program participants enrolling in certain programs, such as summer and day camp, which are due in full prior to the start of the program. The YMCA's accounts receivable represents an unconditional right to consideration from its contracts with customers. Receivables are recorded at estimated fair value at the time of origination and are reflected in the Statements of Financial Position net of allowances for doubtful accounts. The allowance for doubtful accounts is determined by a monthly review of account balances, including the age of the balance and historical collection experience. Uncollectible receivables are charged to the allowance. An expense is recorded at the time the allowance is adjusted.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

<u>Classification of Revenue and Expense</u>: Revenues and expenses of the Association are reported in the consolidated financial statements according to the Association's basic programs. A brief description of the programs follows:

- *Health development* The Association has developed a complete wellness program that includes all necessary elements for a healthy body through the provision of health and fitness equipment, training, and dietary recommendations.
- *Residential camp* The resident camp brings together children from all over the United States to learn to express themselves while showing respect and appreciation for others, all while learning to enjoy outdoor skills and experiences. Additionally, several outreach programs have been developed for the spring and fall sessions that include environmental education, leadership, teamwork and self-esteem for school children, and group camping.
- *Childcare* The Association's child development area includes a variety of programs. The infant-toddler care program provides babies the consistent attention needed while guiding children through the early years of developmental stages. The preschool care programs build on children's natural desire to learn new things and become more self-reliant. The after-school programs involve participants in educational and arts activities plus sports, field trips and service projects. All the programs are designed to reach all critical areas of child development spirit, mind, and body.
- *Day camp* The day camp program is designed to be fun as well as educationally stimulating while teaching social skills and values like caring, honesty, respect, and responsibility. A healthy spirit, mind, and body are emphasized in the day camps. To that end, sports and games, including aquatics, are core areas, as are outdoor skills and the arts.
- *Recreation* The youth sports programs strive to teach sports skills but always focus on teamwork, responsibility, good sportsmanship, and fun. This area primarily consists of sports clinics and sports leagues.
- Personal development A variety of programming is included in this category. Adventure guides provide opportunities for fathers and their children to have fun together with other fathers and kids. Additionally, the Association provides a series of week-long leadership development training sessions including classroom instructions, hands-on job shadowing, team building, and game leadership. The YMCA Youth in Government program seeks to help create the next generation of good citizens through demystifying local, state, and national governmental systems so tomorrow's adults will know how to affect change within these systems.
- *Management and general* This category represents expenses that indirectly support the programs provided by the Association. In addition, it assures that the Association has a clear direction towards the future development of the community and assures that the Association has the human and financial resources to carry out its work.
- *Fundraising* Fundraising represents expenses that constitute an appeal for financial support, such as costs incurred in connection with pledge receivables. Fundraising costs include costs of personnel, supplies, postage, and printing.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

<u>Cash and Cash Equivalents</u>: For purposes of the Statements of Cash Flows, the Association considers cash accounts which are not subject to withdrawal restrictions or penalties, money market accounts, and certificates of deposit with original maturities of 90 days or less to be cash or cash equivalents.

Restricted cash represents deposits held for a variety of projects for which donations were restricted by the donors. Also, capital campaign restricted cash is used for debt service requirements of the JEDA bonds, and the payment of the \$4,071,923 note payable described in Note 11.

<u>Tax Status</u>: The Association has obtained a favorable tax determination letter from the Internal Revenue Service, and management believes that the Association continues to qualify and is therefore tax exempt under Section 501 (c)(3) of the Internal Revenue Code.

FASB ASC 740-10 prescribes a comprehensive model for how an organization should measure, recognize, present, and disclose in its financial statements uncertain tax positions that the Association has taken or expects to take on a tax return. In accordance with FASB ASC 740-10, the Association recognizes the tax benefits from uncertain tax positions only if it is more-likely-thannot that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The Association's income tax filings are subject to audit by various taxing authorities. Management believes there was no significant impact on the Association's financial statements as a result of the adoption of ASC 740-10.

<u>Investments</u>: Investments consist primarily of assets invested in marketable equity and debt securities and money-market accounts. The Association accounts for investments in accordance with FASB ASC 958-320 and subsections. This standard requires that investments in equity securities with readily determinable fair values and all investments in debt securities be measured at fair value in the Statements of Financial Position. The realized and unrealized gain or loss on investments is reflected in the Statements of Activities.

Equity Investments

Equity investments consist of corporate stocks and daily traded mutual funds. Securities held in corporate stocks and daily traded mutual funds are generally valued based on quoted market prices in active markets obtained from exchange or dealer markets for identical assets, and are accordingly categorized as Level 1, with no valuation adjustments applied.

Debt Investments

Debt investments consist of U.S. Government obligations, corporate bonds and notes, and daily traded mutual funds. All investments in debt securities are valued based on quoted market prices in active markets and are categorized as Level 1.

Investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the fair value of investments will occur in the near-term and that such changes could materially affect the amounts reported in the Statements of Financial Position.

<u>Pledges Receivable</u>: Pledges receivable consist of annual campaign, capital campaign, and endowment contributions due from local individuals and businesses. Absent donor stipulations, the Association classifies all pledges as increases in net assets with donor restrictions. When restrictions expire due to passage of time or when the purpose is fulfilled, net assets with donor restrictions are reclassified as net assets without donor restrictions and reported in the Statements of Activities as net assets released from donor restrictions. Allowances for uncollectible pledges receivable are established based on historical collection rates and specific identification of uncollectible accounts. An allowance equal to 5% of the outstanding pledge balances for most pledges was recorded at December 31, 2023 and 2022. Pledges receivable are discounted at a rate commensurate with the scheduled timing of receipt.

<u>Inventories</u>: Inventories, consisting primarily of items held for resale, are valued at the lower of cost (first in, first out) or market.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

<u>Property and Equipment</u>: All property and equipment costing more than \$500 are capitalized at cost, if purchased, or fair value, if donated, at the date of donation. Property and equipment held under capital leases are stated at the present value of future minimum lease payments at the inception of the lease which approximates fair market value. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase is included as part of the capitalized value of the assets constructed. During the years ended December 31, 2023 and 2022, there was no net interest capitalization.

Depreciation of property and equipment is calculated on the straight-line method over the estimated useful lives of the assets. Property and equipment held under capital leases and leasehold improvements are amortized on the straight-line method over the shorter of the lease terms or estimated useful lives of the assets. Depreciation expense is calculated based on the following useful lives:

Improvements other than building	8 - 40 years
Buildings and building improvements	5 – 39 years
Furniture and equipment	3 - 20 years

<u>Fair Value of Financial Instruments</u>: The provisions of FASB ASC topic 820, *Fair Value Measurements and Disclosures*, defines fair value, establish a framework for measuring fair value in accounting principles generally accepted in the United States of America, and expands disclosures regarding the fair value measurements of certain financial instruments. Topic 820 addresses acceptable valuation techniques and establishes a fair value hierarchy that distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) the reporting entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The fair value hierarchy consists of three broad levels and gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are unadjusted quoted prices for identical assets and liabilities in active markets to which the reporting entity has access.
- Level 2 inputs are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. They include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable (for example, interest rates), and inputs that are derived from or corroborated by observable market data.
- *Level 3 inputs* are unobservable and are significant to the fair value measurement.

The fair value codification expands disclosures about fair value measurements for certain financial assets and liabilities.

The carrying amounts of cash, receivables, accounts payable, and other accrued liabilities approximate fair value because of the short maturity of these financial instruments. The carrying values of the Association's investments are based on information provided by external investment managers or comparison to quoted market values. The carrying amounts of pledges receivable represent the estimated present values of expected future cash flows.

The carrying amounts of the notes payable, bonds payable, and capital leases approximate fair value because these financial instruments bear interest at rates which approximate current market rates for notes with similar maturities and credit equity.

<u>Functional Allocation of Expenses</u>: The cost of providing the various programs and other activities has been summarized on a functional basis in the Statements of Activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

<u>Use of Estimates</u>: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Equity Investment in Hollingsworth Funds, Inc: In December 2000, the equity interest of John D. Hollingsworth On Wheels, Inc. and the substantial real estate holdings passed to an Internal Revenue Service ("IRS")-qualified supporting organization, Hollingsworth Funds, Inc. ("the Funds"), upon the death of John D. Hollingsworth, the company's founder, and sole stockholder. According to Mr. Hollingsworth's last will and testament, the YMCA of Greenville will receive 10% of the annual distribution to beneficiaries of the Funds; the YMCA of Greenville accounts for this interest under the equity method of accounting and recognizes its share of changes in net assets of the Fund. The YMCA of Greenville recognized an unrealized gain (loss) of \$1,778,252 and \$(4,264,527) for the years ended December 31, 2023 and 2022, respectively, in the Statements of Activities.

<u>Leases</u>: The Association has entered various noncancelable operating leases for program facilities. In addition, the Association has entered operating and finance leases for equipment. The Association determines if an arrangement is a lease at inception.

The Association implemented ASU 2016-02, *Leases (Topic 842)* and subsequent amendments to the initial guidance effective January 1, 2022, using the modified retrospective approach. The YMCA elected the optional practical expedient package which, among other things, includes the historical classification of leases. The Association also elected the practical expedient to not separate lease components and non-lease components.

Operating leases (except for leases with a term of twelve months or less) are recorded in operating lease right of use assets and obligations under operating leases liabilities in the Statements of Financial Position. Finance leases are recorded in property and equipment, net, and obligations under finance leases in the Statements of Financial Position. Leases with a term of twelve months or less are considered short term leases and are accounted for as supplies expense in the Statements of Activities as rental payments are incurred.

NOTE 2 - LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure, that is without donor or other restrictions limiting their use, within one year of the balance sheet date, comprise the following:

Cash and cash equivalents	\$ 2,526,541
Accounts receivable	428,617
Pledges receivable due in one year	982,438
Endowment spending-rate appropriations	113,675
Financial assets available for general expenditure	\$ 4,051,271

The Association's endowment funds consist of donor-restricted endowments and funds designated by the Board as endowments. Income from donor-restricted endowments is restricted for specific purposes, except for the amounts available for general use. Donor-restricted endowment funds are not available for general expenditure.

The Association's Board-designated endowment of \$1,915,636 is subject to an annual spending rate of 5% as described in Note 9. Although management does not intend to spend from this Board-designated endowment (other than amounts appropriated for general expenditure as part of our Board's annual budget approval and appropriation), these amounts could be made available if necessary.

NOTE 2 - LIQUIDITY AND AVAILABILITY, continued

As part of the Association's liquidity management plan, management invests cash in excess of daily requirements in short-term investments, CDs, and money market funds. Occasionally, the Board designates a portion of any operating surplus to its operating reserve, which was \$3,692,816 as of December 31, 2023 and \$3,965,167 as of December 31, 2022.

The YMCA also maintains a line of credit in the amount of \$500,000, which could be drawn upon in the event of an anticipated liquidity need.

NOTE 3 – PLEDGES RECEIVABLE

The capital campaigns for the Camp Greenville, Caine Halter Family YMCA, Eastside Family YMCA, and Prisma Family YMCA have received pledges of \$6,150,580; \$3,861,110; \$2,966,701; and \$161,665, respectively, as of December 31, 2023. The gross pledge receivable balances as of December 31, 2023, for the Camp Greenville, Caine Halter Family YMCA, Eastside Family YMCA, and Prisma Family YMCA capital campaigns were \$15,000; \$1,531,000; \$674,000; and \$350,000, respectively. The pledges from these campaigns are expected to be collected in five years, with the donors designating their terms of payment.

The Association began accepting pledges in 2023 for the 2024 Annual Campaign. The gross pledge receivable balances for the 2023 Annual Campaign and the 2024 Annual Campaign as of December 31, 2023 were \$26,164 and \$207,919, respectively.

Unconditional promises to give at December 31 are:

Depreciation expense for the years ended December 31, 2023 and 2022 was \$2,544,421 and \$2,473,586, respectively.

NOTE 6 – CAPITALIZED FINANCING COSTS

The Association capitalized \$173,671 in financing costs associated with the issuance of the 2007 JEDA Bond. These costs are being amortized over the term of the bonds using the effective interest method. Amortization expenses were \$39,069 and \$8,684 for the years ended December 31, 2023 and 2022, respectively. Accumulated amortization for the years ended December 31, 2023 and \$134,602, respectively. The JEDA bond was paid off by the Association during the year ended December 31, 2023. For December 31, 2022, the remaining unamortized capitalized financing costs balance is offset against the long-term portion of the revenue bonds, described in Note 11.

NOTE 7 - RETIREMENT PLANS

The National Council of the YMCA organized a retirement plan for all YMCA employees who qualify for participation in the retirement program. To qualify for enrollment, the employee (exempt and non-exempt) must work a minimum of 1,000 hours per year in any two anniversary years. Contributions for this plan, which are based on employee compensation, are paid at 12% and are 100% funded by the Association.

The Association's retirement expense related to these plans was \$664,696 and \$614,578 for the years ended December 31, 2023 and 2022, respectively.

NOTE 8 – CONCENTRATION OF CREDIT RISK

The Association maintains cash balances at several financial institutions. Interest bearing accounts at each institution are insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000. At times, the Association's cash balances on deposit at these financial institutions are in excess of the federally insured limits. The Association has not experienced any losses in its bank accounts and believes it is not exposed to any significant credit risk on cash balances.

NOTE 9 – ENDOWMENT INVESTMENTS

The endowment consists of individual donor donations for a variety of purposes which the Board has designated as endowment funds. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds, including funds designated by the Board to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions. The Association considers all contributions, unless specifically restricted by the donor, to be permanently restricted and part of the corpus.

Interpretation of Relevant Law

The Board has interpreted the Uniform Prudent Management Institutional Funds Act ("UPMIFA") as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Association classifies as net asset with donor restrictions (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. Donor-restricted amounts not retained in perpetuity are subject to appropriation for expenditure in a manner consistent with the standards of prudence prescribed by UPMIFA.

In accordance with UPMIFA, the Association considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1. The duration and preservation of the fund.
- 2. The purposes of the Association and the donor-restricted endowment fund.
- 3. General economic conditions.
- 4. The possible effect of inflation and deflation.
- 5. The expected total return from income and the appreciation of investments.
- 6. Other resources of the Association.
- 7. The investment policies of the Association.

NOTE 9 - ENDOWMENT INVESTMENTS, Continued

<u>Funds with Deficiencies</u>: From time to time, the fair value of assets associated with Board restricted endowment funds may fall below the level that the Board requires the Foundation to retain as a fund of perpetual duration. There were no such deficiencies as of December 31, 2023 and 2022.

<u>Return Objectives and Risk Parameters</u>: The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include board-designated funds. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce results that achieve conservative growth with moderate income; preservation of capital is a very important long-term objective. The Foundation expects its endowment funds, over rolling five-year periods, to provide an average rate of return of approximately seven percent annually. Actual returns in any given year may vary from this amount.

<u>Strategies Employed for Achieving Objectives</u>: To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments (65% target allocation) to achieve its long-term return objectives within prudent constraints.

<u>Spending Policy and How the Investment Objectives Relate to Spending Policy</u>: The Foundation has a policy of appropriating for distribution each year no more than 5% of its endowment fund's average fair value over the prior five years. In establishing this policy, the Foundation considered the long-term expected return on its endowment. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term, as well as to provide additional real growth through new gifts and investment returns.

NOTE 10 – COMMITMENTS AND CONTINGENCIES

At times, the Association has certain tort claims. The Association has insurance coverage for these claims and payments and expenses for these claims, if any, are expected to be within the policy coverage.

During the years ended December 31, 2023 and 2022, the Association participated in a federally assisted program; neither year met the threshold requirement of the Single Audit Act Amendments of 1996. Amounts received from federal grantor agencies are subject to audit and adjustment by the grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of the expenditures which may be disallowed by the grantor cannot be determined at this time although the Association expects such amounts, if any, to be immaterial.

NOTE 11 – LONG-TERM DEBT

The following is a summary of the Association's long-term debt at December 31:

NOTE 12 – LINE OF CREDIT

The Association entered into a line of credit agreement with a bank for \$1,500,000 in 2016. At December 31, 2017 there were \$1,500,000 of borrowings against the line. In January 2018, the Association consolidated the \$1,500,000 line of credit and the \$3,942,691 note payable into a single debt instrument. As part of that instrument, the organization entered into an additional line of credit agreement with the same bank for \$500,000. The additional line of credit will be available for capital development. Borrowings outstanding at both December 31, 2023 and 2022 were \$0.

The Association entered into a non-revolving line of credit agreement with a bank for \$220,000 in 2019 for the temporary financing of a capital project. The line of credit will be repaid as pledge payments are received for the capital project. The interest rate for the line of credit was reduced from 4.5% to 3.25% in 2021. Borrowings outstanding on December 31, 2023 and 2022 were \$0.

NOTE 13 – LEASES

The Association leased wellness equipment and other equipment under capital leases prior to January 1, 2022; the assets and liabilities under these finance leases were recorded at the lower of the present value of the minimum lease payments or the fair value of the assets. The assets were depreciated over their estimated productive lives. Depreciation of assets under these capital leases was included in depreciation expense for the years ended December 31, 2023 and 2022.

Following is a summary of property held under pre-2022 finance leases:

	 2023	_	2022
Program equipment	\$ 813,496	\$	1,474,868

Less: Accumulated depreciation	 (767,392)	_	(1,203,893)
Property and Equipment, Net	\$ 185,293	\$	662,605

The Association has entered into various noncancelable operating leases for program facilities and office space. In addition, the Association has entered into operating and finance leases for equipment.

In September 2022, the Association entered into two separate agreements with DJ Wealth Holdings, LLC and NHE, Inc. to lease the building space that houses the Verdae Branch. The lease terms are for five years with five-year renewal options for both agreements. The fair value of the right of use the building space is reported on the Statements of Financial Position and is being amortized over 10 years. The total initial base rent to both leaseholders for the space is \$128,450 per annum. Annual rental fees increase by 1.5% per year beginning in the second year.

In May 2014, the Association entered into an agreement with Ridgeland LLC to lease the office space. The agreement was amended in November 2019 to extend the lease, commencing in August 2020 and ending in July 2025. The fair value of the right of use the building space is reported on the Statements of Financial Position and is being amortized over five years. The total initial base rent was \$29,281 per annum increasing annually by 2.5%.

NOTE 15 – CARES ACT FUNDING

On June 30, 2020, the Association executed a secured loan with the SBA under the Economic Injury Disaster Loan program in the amount of \$150,000. The loan is secured by all tangible and intangible assets of the Association and payable over 30 years at an interest rate of 2.75% per annum. Installment payments, including principal and interest, began December 30, 2022. As part of the loan, the Association also received an advance of \$10,000 from the SBA. While the SBA refers to this program as an advance, it was written into law as a grant. This means that the amount given through this program does not need to be repaid. The outstanding balance of the SBA loan at December 31, 2023 and 2022 was \$75,000 and \$150,000, respectively.
