

FOR YOUTH DEVELOPMENT®
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

April 29, 2020

To our valued YMCA members,

Thank you for your continued support of the YMCA of South Palm Beach County. Every day we are taking in new information from the CDC, state and local officials, and taking guidance from the YMCA movement regarding decisions on when we can safely re-open our doors. We are also doing everything possible to ready our branches and programs in order to ensure we hit the ground running once we are able to re-open.

We sincerely appreciate all of you who are choosing to *stay with us* and help us during this time. Here are some of the ways our YMCA continues to address community needs:

- We are providing [emergency relief camp care](#) for children of medical personnel, first responders and other essential workers, so that they can continue their focus on public health.
- We are hosting **Blood Bank buses** at our locations to maintain a sufficient amount of blood and plasma supplies.
- Our staff are reaching out to all our senior members to help prevent social isolation. Even a small conversation can lift someone's spirit.
- Our staff are working hard to add new **virtual resources** to help community members stay active, healthy and connected in their home on social media. We are continuously updating these [free virtual fitness classes](#), [youth and family activities](#), crafts, sports drills, and many other YMCA at-home resources.
- We are working with the Chamber of Commerce and several corporate partners to explore ways to offer camp activities on-site once local businesses resume operations.

This remains a very unpredictable situation, and we will strive to keep you updated with the most current information available. Please continue to follow this page on our website:

<https://www.ymcaspbc.org/COVID19>.

Thank you for being part of our Y family and for your continued support as we navigate this public health crisis.

Sincerely,

Jason Hagensick
President and CEO
