

JACKIE REEVES

**Chief Volunteer Officer
YMCA of South Palm Beach County**

**“To me, the Y means COMMUNITY.
The Y means CARING.
The Y means IMPACT.”**

WHERE IN THE Y...?

My first introduction was as a teenager in Long Island, NY. It was at the Y where I trained to be a lifeguard. I was introduced to the **YMCA of South Palm Beach County** through my kid's youth sports programs and then again through the Teen program which my daughters attended. I became an avid advocate for the Y as I learned more about the teen leadership programs, then even more as a Boca Board Member and then Trustee Board Member.

I am passionate about the Y's Teen Center, THE LAB and the Y's overall commitment to teens, which has directly impacted me and my family. I would like to help grow THE LAB in order to serve more teens and make sure many more have access to the program.

For more information about THE LAB: YMCA Leadership Academy visit: YMCASPBC.ORG/THELAB.
