

THIS IS Y.

SUPPORTING YOUTH EDUCATION AND DEVELOPMENT

.....

Studies show youth who participate in high-quality after school programs demonstrate improved academic performance, reduced unsafe conduct, and better social development. In 2022, **over 300 youth** participated in Y AfterSchool care.

By supporting YMCA After School, children are provided a safe place to learn, grow and develop foundational skills to help them succeed in school.

20% of Florida's youth are alone and unsupervised after school, which can predispose them to risky behaviors.

Better Together.
