

**THIS IS Y.**

## **KEEPING KIDS SAFE IN AND AROUND WATER**

.....

Drowning is the leading cause of unintentional injury-related death for children ages 1-4, and Florida leads the nation in drowning deaths each year. In 2022, our YMCAs provided water safety education including swim lessons to **2,682 children and adults.**

By supporting YMCA Water Safety programs, youth and adults have access to developing life-saving skills that reduce the potential for drowning.

**Better Together.**

**Donate today: [ymcaspsc.org/give](https://ymcaspsc.org/give)**

**Learning how to swim can reduce the risk of drowning by 88% for youth ages one to four who take formal swimming lessons.**
