

# THIS IS Y.

## SUPPORTING DIVERSE NEEDS AND ABILITIES

.....  
Programs for individuals with diverse abilities, including "Chase's Place" at the Peter Blum Family Y, are designed to provide inclusive support and socialization for participants. The positive impact of such programs plays a critical role in shaping the future of those in our care. In 2022, our Y engaged **45 individuals** with quality care in "Chase's Place".

By supporting YMCA Diverse Abilities programs, participants have the opportunity to develop to their own potential in spirit, mind and body.

In the United States, **approximately 17%** of youth ages 3-17 have been diagnosed with a developmental disability.

**Better Together.**
