

THIS IS Y.

# DEVELOPING YOUTH LEADERSHIP

The Y provides various leadership programs for teens, including Leaders Club where young people connect with adult advisors to develop their leadership potential while fostering a culture of service. In 2022, our Ys engaged **1,028 teens** in Leaders Club and other teen programming.

By supporting Y Teen Initiatives, teens can focus on growing their social and leadership skills to prepare for college and beyond.

**Over 80% of students** who participate in service-learning show increased positive feelings towards high school.

**Better Together.**
