Empowering Futures: YMCA Secures Grant for Teen Leadership & Career Programs

The YMCA of South Palm Beach County is excited to announce that we have received a generous **\$60,000 grant from Sun Capital Partners**, which will provide an opportunity for local teens to participate in programs at THE LAB: YMCA Leadership Academy in Boca Raton. Many of these teens, from low to moderate-income households and underserved populations, will benefit from Y programs which promote leadership development, college/career readiness, and workforce development.

Our Y is dedicated to unlocking the potential of every teen, empowering them to lead inspired and successful lives. We believe that by engaging with teens, we can positively shape their futures, and when we connect with them during out-of-school hours, we help reduce risky behaviors, prevent summer learning loss, and create opportunities for them to explore who they are and who they can become.

Our YMCA is excited to impact even more teens' lives with the support of this grant in the year ahead.
