

BUILDING IMPACT

PETER BLUM FAMILY YMCA

Since 1972, Boca Raton has turned to the YMCA for activities and programs that nurture youth, encourage healthy living and foster community connections. From preschoolers to active older adults, the Y has been a touchstone for thousands of residents over the years.

Today, the Y is bursting at the seams and our youth programs are exceeding capacity. Both youth and adults are in need of education, inspiration and opportunities to lead healthier lifestyles. Busy families need support with their teens as they suffer from mental, social and academic challenges compounded by the pandemic. And growing loneliness and social isolation is putting our seniors at risk.

A strong Y is needed more than ever. Today, we must increase our capacity to serve children and families – for generations.

More than a building, an expanded and renovated **Peter Blum Family YMCA** will continue to be a hub of community, a place where people from all walks of life can come together, and the spark of possibility for the people we serve. When the Y is strong, the community is strong. Working together with partners and other like-minded organizations, we can ensure kids, adults and families have the resources they need to thrive.
