YMCA OF SOUTH PALM BEACH COUNTY

## Inclusion in Action: YMCA's Chase's Place Reopens with New Upgrades for Individuals of All Abilities

Individuals with disabilities or diverse needs often face various health challenges, resulting in poorer overall health and shorter lifespans. They also encounter significant barriers to participating in health, wellness, and recreational activities. These challenges include limited access to suitable programs and facilities, and a lack of awareness or understanding about the specific support they require.

The YMCA of South Palm Beach County welcomes individuals ages 5-22 of all abilities to participate in our programs and services. The **Chase Donoff program**, otherwise known as "**Chase's Place**", is located in the Peter Blum Family YMCA in Boca Raton and provides an inclusive, instructional and recreational experience for individuals with diverse needs and abilities. This program is designed to help promote motor skills, communication structure, kids abilities and preferred activities, and offers a unique, quality experience in a safe environment.

On January 23rd, Chase's Place held a **Re-opening Event** to reveal a completely renovated space due to generous donations received from a holiday event hosted by Cathy and Abdol Moabery and Ronda and David Gluck. Updates include new flooring, new ceiling and light fixtures, an additional quiet room for calm activities, AstroTurf and sun shades for outdoors, and new furniture throughout the entire space.

Initiatives such as the Chase's Place program provides the necessary support for individuals to access education, develop essential life skills, build confidence, and ultimately achieve success in school and beyond, ensuring they have equal opportunities to reach their full potential.
